

Jessica L. Hall

Service to my community

I think people should try to participate in helping our community as much as they can. Even though I'm just an adolescent I try to help as much as I possibly can. Even if it is as much as giving the people in our community enjoyment. When I was in the 5th grade I attended Sunshine Elementary, and I participated in the Kiwanis Club. In this club I helped pick up trash around the school, and assisted planting flowers to beautify the campus. During Christmas the Kiwanis took a trip to the senior home, and sang Christmas carols to the seniors. It made me feel great to see that we brought happiness in our singing, and it was good to hear them sing along! I also remember during the holidays we made cards for the Salvation Army. Now, I am a student at Lee Middle. I am an orchestra student there. We go out and play many concerts in our community to bring pleasure when people hear us perform. I love to see the smile on their faces. A few of places that we perform at are The Veranda Community, The Edison Home, and a couple of schools including ours. In the summer before I entered the 8th grade our school was being renovate. As they were doing this I assisted my orchestra teacher. I helped him because all our instruments and equipment had to go to Lehigh Senior High. We had to take a school bus and load the equipment and other items on the bus, and unload them when we got back to Lee Middle. Next, I will tell you about is that when I was in 6th and 7th grade I volunteered at Sunshine Elementary. Every year they have what they call a turkey trot, and a field day. I got to work with the kids and show them how to play the games on field day. On the turkey trot I was able to hand out all the prizes to the winners, and pass out beads to the participants. Also when every one was done running then I poured orange juice, and made popcorn for all of the children.

are able to send her photos, letters, and small gifts. These are just a few things that I have done for my community, and I plan on doing much more.
